A FREE Hearing Voices Network event

time for (real) change?

Is it time for a revolution in mental health & society?

An increasing number of people, groups and organisations are becoming concerned with the current paradigm of pathologising and labelling human experiences and understandable reactions to trauma and adversity.

Whilst many of us are working to challenge this, from both inside and outside the system, we are acutely aware that we still have a long way to go.

In this one day event, the Hearing Voices Network seek to bring together all those people and organisations who seek change to explore a) what needs to change and b) what we can do differently to make it happen.

The day will involve a combination of:

- **Keynote presentations** on crucial issues - including human rights, the pharmaceutical industry, the rights of a person to their beliefs, power & societal change.

- **A market-place** to hear from a range of organisations who are also working for change.

- **Discussion spaces** to think about, and reflect on, presentations.

- **Interactive workshops,** including: 'Errrr ... but'; 'Double agents'; 'Changing the world'; 'Can we work together?'

9.30 - 4.45pm
20 April 2015
Amnesty International Human Rights Centre
17-25 New Inn Yard
London, EC2A 3EA

Donations Welcome
